Dear Prophet Mohammad,

Your character has encouraged me to try to be like you. Thank you for all the things you have done for all humankind and putting me on the right path.

Oh prophet, I beg you to pray for me to memorize the whole Quran, help me pray 5 times a day and to be with you in paradise.

Oh prophet, my love for you is so great it is hard to explain it. My love for you is so great it does not fit my heart. It takes my entire body to hold my love for you.

Your student,

Zade Ammar – Age 9
